ABOUT

I'm Anas Mohamed, a graphic designer from Egypt, Alexandria. What characterizes me most is one thing - excellent ability to work both independently and in teams in sub-optimal conditions when needed.

Having worked on many projects on my own, I found myself having to take care of every detail from the "A to Z"! So I started learning many skills, from *graphic design, to 3D modelling to document writing and coding*. In doing so, I have accumulated over **6 years** of hands-on, practical, real-life experience especially in graphic design applications.

Given my experience, I have a great appreciation of the importance of branding and good design in marketing your design/project to the greater audience. I also understand the value of having a well specialized employee capable of precisely dealing with specific field-related issues but also realize the great value a multi-skilled employee adds to the team when dealing with complex, multi-faceted challenges - and I'm a combination of both employees!

CASE 1

OF 3...

NETWORKING COMPANY

AM TASK 1 / 3

Design a **logo** for a networking company using clean orange and blue **solid** colors

CHOSEN

- All shapes can be used individually as branding icons on packaging, documents, etc
- Solid colors maintain logo integrity when printing documents including the logo or using on uniforms, etc.

AM TASK 2 / 3

Design prototypes for the **packaging** of a router

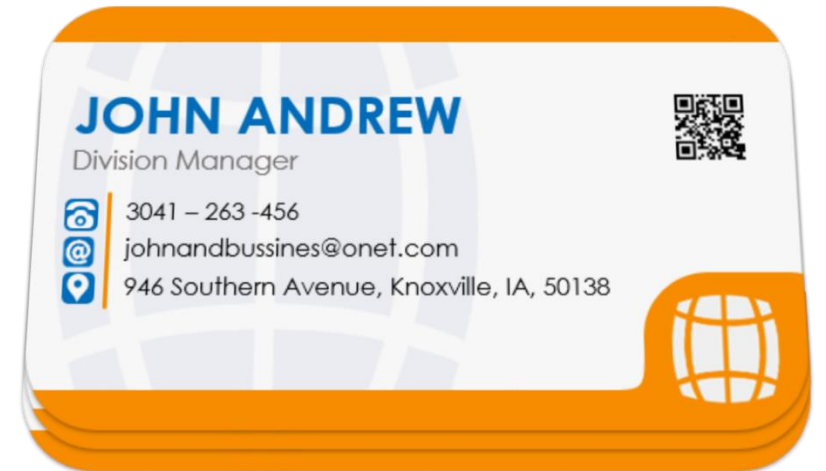

• Brand colors incorporated appropriately (orange and blue)

• Router alone made to stand out as center of attention on the left packaging to direct customer's attention as a competitive strategy

AM TASK 3 / 3

Design **business cards** for Onet

- Prototypes made for both rounded and sharp bordered business cards

- Solid color and gradient coloring used separately with appropriate colors to maintain brand identity

CASE2

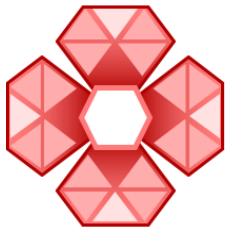

OF 3...

JEWELRY COMPANY

AM TASK 1 / 3

Design a **logo** for a jewelry company. Incorporate **gradients** in the design

CHOSEN

Pristine

PRISTINE

PRISTINE

- Relevant shape (jewel), first letter, and abstract shape used in creating different logo designs
 - All logos can be easily be switched into solid colors when needed

AM TASK 2 / 3

Design a **social media infographic** announcing the opening of Pristine's shop

- Opening of business emphasized using keywords such as "Await" in large clear font.
- Picture incorporated in left 2 designs to add weight to validity and authenticity of the business.

AM TASK 3 / 3

Design **business cards** for Pristine

- Simple design on the left side allows for economic printing costs and suited for formal interactions.

CASE 3

OF 3...

DNA ANALYSIS COMPANY

AM TASK 1 / 3

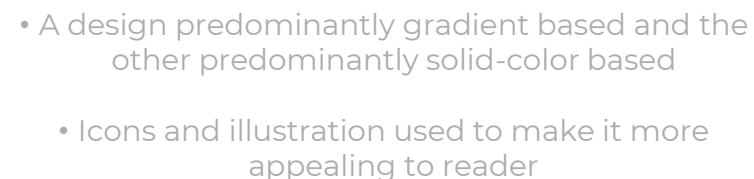

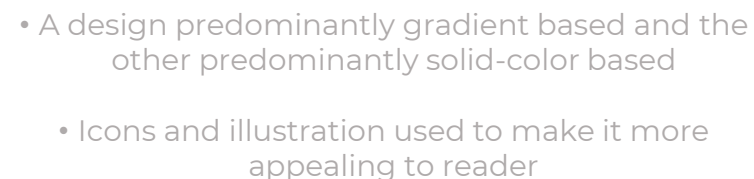

Design a **logo** for a DNA analysis company, LinkMe

CHOSEN

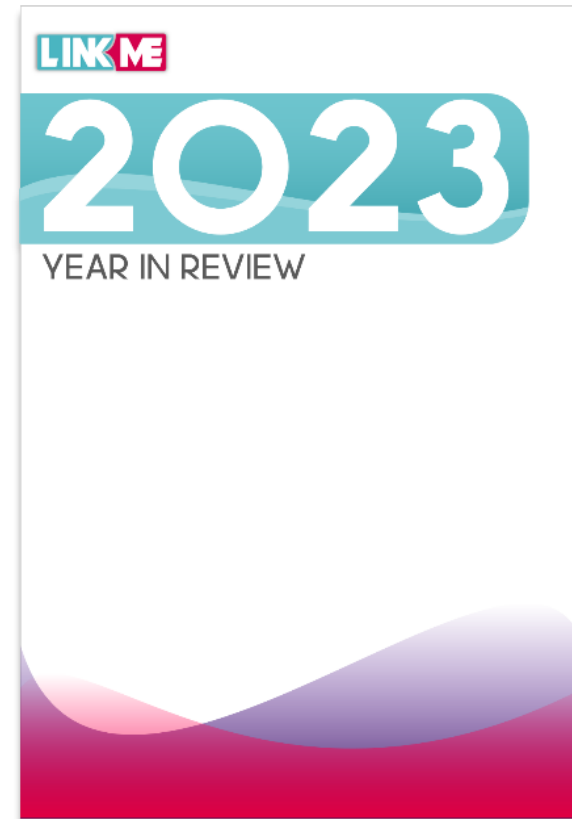

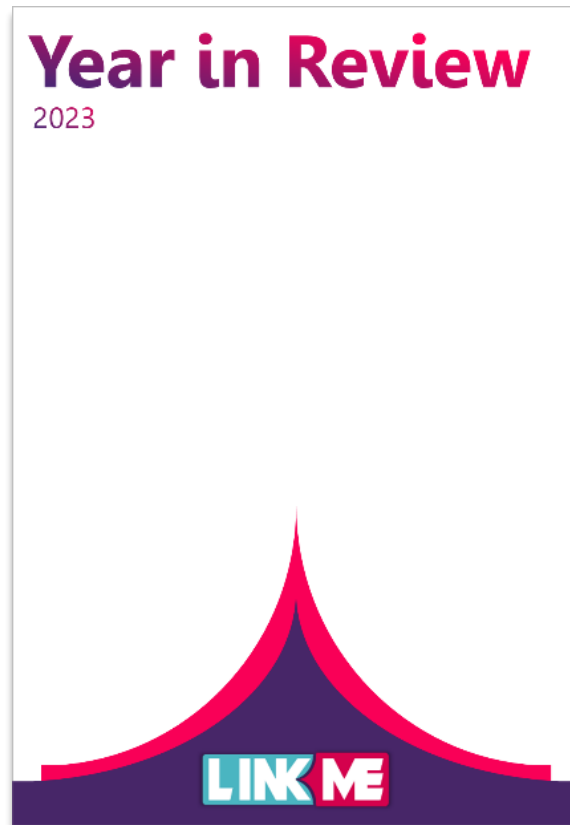

- Shapes relevant to company's identity
- Psuedo-3D shape used in the left design (magnifying glass)

Design a **brochure** showcasing LinkMe kits and other information

AM TASK 3 / 3

Design a **document** outlining important information pertaining to LinkMe

• Click on either image to open the PDF document!

The background is a dark navy blue. It is decorated with numerous triangles of various sizes and shades of green, ranging from a bright lime green to a dark forest green. These triangles are scattered across the frame, some pointing towards the center and others pointing outwards, creating a dynamic, geometric pattern. In the center of the image, the word "MISC." is written in a large, bold, white sans-serif font. The letters are clean and modern, with a slight shadow effect that makes them stand out against the busy background. The period at the end of the word is a small, solid white dot.

RIC DIPLOMACY

RIC-USAF Alliance : Allied Discussion Transcript

RIC and USAF activity:

- Kiandawg1 was inactive and wants to improve his activity with joint events with RIC.
- USAF doesn't think the inactivity problem is on RIC's part and it's more on their part.
- Head of Diplomacy also points out internal RIC problems that may contribute to stagnation.
- Casperion wants to help improve the alliance between USAF and RIC.
- Potential for RIC-USAF Airforce joints discussed and raised.
- Potential for RIC-USAF MP joints discussed and raised.
- Improving communications and reviving the Consulate Office to start hosting.

USAF's Development:

- It was stagnant for a few months before hand but its back on track, [REDACTED]

USAF's war status:

- USAF is at a friendly war with SEA and RIC's diplomats didn't know, it's to give USAF something to do.
- They have fought several battles and they believe it's 1-0 in SEA's favor. USAF is confident they can win the war.
- The information may be off because Kiandawg1 is going off by what he has heard.

RIC's rate of activity and performance:

- RIC has always showed up and they were friendly, one of our member gave USAF a tour of the map.
- RIC is heavily focused into RP and Kiandawg1 likes it.
- Clutch has been doing an amazing job with the alliances.

Transcribed by Diplomat Ultimate_Soldier16 7-17-21

EXTERNAL AFFAIRS

DIPLOMATIC SECTOR

Diplomats operating within the sector are tasked with keeping their respective alliances in check and maintaining them.

Diplomats must showcase intelligent behavior when dealing with other allied diplomats where matters are sensitive.

Where warranted, they conduct a variety of activities to sample views about our performance as allies and to further strengthen alliance bonds.

Entrance is application-based.
DM [fedoramasterB987#0541](#) to receive the application.

DIPLOMATIC OFFICE

ALLIED QUESTIONNAIRE

USAF

"USAF hosts a lot of events with RIC, you're probably one of the allies that host the most with us."
"We should conduct more joint operations such as raids/defenses."
"RIC does a great job hosting events with USAF from all events that I have been part of."
"I definitely believe we are able to collaborate efficiently in any major war/conflict."

RA

"My thoughts on the alliance is that it is still a strong alliance."
"RIC-RA relationship appears to be fine on the surface."
"During the last quarter of 2020, there were a few mishandles both on the part of RIC and RA."
"I suggest a closer working partnership between GRU and COMB."
"Understand and treat our High Ranks with respect. Some of our RAs are still annoyed about how COMB treated our embassy and XO's when on duty at HQ."
"Another way to invigorate the alliance is to update the embassy."
"Schedule more large scale RP."
"...[during a war] I'd be worried about RIC home maps. RIC does not have a flushed out clanning raid map. Which means in a war, only RA maps would be targeted."

RD

"The only issue I currently have is that RD and RIC perves don't mix."
"The only problem I see is inactivity between us, and it's not your fault."
"Maybe have a separate Discord server where we can all join a VC."
"Most of our officers are busy with real life issues and what not, so it's hard to squeeze a 2T in."
"Hosting joint special forces events may be beneficial."
"In the case of war or major conflict, RIC and RD forces would be able to communicate decently."

UCR

"RIC and UCR have become great allies and at this point close friends."
"By activity and working together, we know each other."
"I personally believe its one of the most active ally bonds. Doing D's weekly/daily really helps to bond both sides together."
"Incase of war RIC and UCR can wreck havoc with proper communication."
"I think it's a brother-like alliance. Our alliance is like a family."
"I think we should host more HQ patrols, raids and community events."

HONORS

HONORS MEMBERSHIP

The new Honors Command has decided, under the approval and supervision of the Head of Progression, to alters its policies and change the method of gaining membership in Honors.

To earn the prestigious title of an Honor's member, please Discord Message one of the serving HONCOMs (EDFG and ABC at the time of publishing) a detailed application of your own formatting in which you'll include your works and other reasons to support that you are qualified for the title. Detailing is advised and attachment of proofs might be needed to verify any claims written in your application.

VETERANSHIP ACQUIREMENT

After an Infantry member ends their service, they may be interested in acquiring Veteran status. Acquiring Veteran status relies on two conditions:

If the retiring member is already in Honors, they **directly** receive Veteran status upon resigning.
If the retiring member is not in Honors, they need to **prepare a detailed application** including their works with proof where required and forward it to a serving HONCOM - similar to the process of applying into Honors.

Only worthy, rich applications will be taken into consideration. Length of service will also be an important factor.

WORDS FROM THE HONCOMS

The new Command's forefront vision is to make sure Honors functions with maximum capacity to recognize efforts made by currently serving Infantry members – whether that's behind the scenes or in public – and to manage the affairs of its Veterans in the best way possible.

SPECIAL OPERATIONS COMMAND

ROBLOX INFANTRY CORPS

REQUISITES

SPEC only are allowed to tryout for a position in the entrance program. This necessitates above average combat skills. Alternatively, invitations may be handed out for direct entrance.

FOCUS

SOC acts as RIC's elite offensive combat force. Operatives are at the head of any raid, spearheading and flipping the tides during the last crucial moments.

ENTRANCE

The entrance program consists of several phases, each diving into qualities crucial to the transformation of the trainee. Upon mastery, the trainee graduates and officially holds the prestigious Probationary Operator title.

SPECIAL OPERATIONS COMMAND

ROBLOX INFANTRY CORPS

PHASE 1: AIM

SOC Operators are known for their exceptional combat skills. This entails the ability to land all shots on your target, possess precise aim. You'll train individually and in team-based environments to hone your aim precision.

PHASE 2: GAMESENSE

In this stage, you'll train on a variety of bases with different objectives and key spots. Focus will be elaborated on team-based and individual tactics. This will allow you to rationally make the correct choices when on the battlegrounds.

PROPERTY RIGHTS

PROJECT EPSILON

INTRODUCTION

This document is classified to the employees of Engineers who worked on project Epsilon and have access to #epsilon in the Engineers Discord channel. Leaking it in any form or shape is punishable.

Epsilon is a project managed by the Engineers Command and the Head of Domestic Affairs Major General fedoramaster8987 to create a new Firebase for Roblox Infantry Corps.

This document outlines all the important obligations from the Engineers Command on to it's employees (builders/scripters/artists) and vice versa. The adapted operational routines regarding the usage of your content (for project Epsilon) and its publication is also outlined.

MAIN

Abbreviation:
ENCOM - inclusive of the current ENCOMs (Shady_Ops/ScarletTheAI), Head Supervisor (MacMusic), the High Authority (GEN+) and the Commander (thecaptain97)

- By signing this document, you acknowledge that your work is officially owned by the ENCOMs and the Command Staff (RIC property) and can be officially published for use by RIC personnel.
- By signing this document, you agree not to share any of the content you or others have created with unauthorized personnel inside or outside of RIC. You also agree not to replicate it in any form without prior written permission from the ENCOMs. Such behaviours will be harshly sanctioned.
- You acknowledge that the ENCOMs may edit out your work according to need after official submission.
- The ENCOMs nor the Command Staff may not use your work to defame you.

RECRUITMENT DEPARTMENT

PUBLIC INFORMATION

INTRODUCTION

The Recruitment Department's primary focus is to enlist members into RIC to further increase the Infantry's activity and capacities without sabotaging the crucial and unique sense of community RIC holds.

The Recruitment Department is not recognized as an official department akin External Affairs or Domestic Affairs. It is a subdivision which falls under the Department of Progression.

METHOD OF ENTRY

To enter as a Recruits, you're requested to join the Recruitment Department Discord and ask for Recruiters's roles. Upon receiving roles, you're now an official member of the Recruitment Department and can begin your duties immediately. No application or any sort of testing system is required.

Discord server code: **527xYhuWV**

DUTIES

As a Recruits, no official quota or activity requirement is set for you. However, you're expected to be actively involved in the department. For now, this is mainly limited to attending recruitment sessions at GRP and various other places. However, we aim to innovate and explore new ideas which are more reliable and efficient.

Recruiters who excel in their positions will be rewarded by both normal promotions, merit increase, medals and other means that deem fit.

OFFICER CANDIDATE SCHOOL

DEPARTMENT OF PROGRESSION
BASIC MILITARY TRAINING OFFICIAL CURRICULUM

29 JULY

SUBJECT: New BMT system curriculum, instructions and guidelines.

The Basic Military Training (BMT) has been designed to be taught by First Lieutenant+ at our Headquarters. The BMT course is designed to indoctrinate fundamental values and information in ranks ranging through Private to Second Lieutenant as a step to a professional, well-trained and exceptional Infantry personnel.

First Lieutenants must have a Captain+ overseeing them. It's recommended to also have a Command Staff member grouplocking the server. Each First Lieutenant is required to host at minimum one BMT each two weeks. Captain+ are not required to host BMTs to the side of their regular training quota. After each BMT is hosted, a log must be filled in the Officer Corps Administration Discord in #bmt-log and the supervising Officer is required to fill a log in #bmt-report.

The following curriculum must be followed at all times when hosting a BMT. Any additions should be cleared through the supervising Senior Officer. The four fundamental tiers are to be taught all in one session.

A detailed, more expanded version of the below contents can be found [here](#).

OFFICER CANDIDATE SCHOOL

Proposal

Preamble I

This document covers a suggestion pertaining to some modifications to our existing phase-based training and indoctrination system. It aims to address the following problems:

- Lack of attendance, demotivating & holding back trainees
- Inability to attend phase training due to time zone differences and other time management problems
- Curriculum largely incomplete and does not cover essential topics

The curriculum-based problem can be fixed without need to implement this proposal as a whole, but it's included in the plan regardless.

Preamble II

There might be reluctance to change to this proposed system even if the advantages are acknowledged. This is understandable. Frequent large changes are usually not favorable and is a sign of divisional instability. A division/department should aim to have its base functioning procedures stable and implement small changes on occasions to keep things interesting.

However, members of this administration who were also present in the old OCS administration know the reasons for us shifting from a phase-based system to a mentorship oriented system. This is obvious to anyone regardless and has been outlined above in Preamble I. I personally think a change has already been demanded and this is proven by the recent OCS evaluation vote with 9+ people in favour of improvement.

The OCS administration should not be inclined to accept this proposal for any reason other than finding it of value for OCS and the future of the Officer Corps. The video sample, buildings, curriculum and this document itself was made to clarify my idea and show that we have the skills necessary to undertake such a project and that the knowledge & artistic skills wouldn't be a limiting factor - nothing more or less.

If the OCS administration does not think this would benefit the Candidate School in the long or short term, and can back this up with reason, I will not contest for this change any further. If the current administration also shows disinterest for no clear reason, I'll withdraw my proposal with no intentions to create conflict.

Roblox Infantry Corps

Departments

Manifesto

Department of External Affairs

The Department of External Affairs houses divisions which are responsible for external activities of RIC. Infantry personnel which work for the DEA may find themselves interacting with non-RIC personnel on a regular basis. The following divisions fall under the Department of External Affairs.

- Rangers
- Special Operations Command
- Warfare Bureau
- Diplomatic Bureau

The Department is also responsible for managing wars of RIC, looking for new allies and managing current alliances. This is done through Warfare Bureau and Diplomatic Bureau.

MEDICS

HANDGUIDE

This guide has been made to be as comprehensive as possible and should cover all day-to-day duties of a Medic.

Read this before performing any Medics related duty.
